In 1985, the year I moved to St Petersburg, Florida from Lake Villa, Illinois. That year I was going for my diver's license at the Indian Rocks Dive shop near your restaurant. The two dive instructors at the time invited me to dinner at your restaurant that recently opened, for what they called an awesome Blackened Grouper sandwich. They said you have to try this! So I did and I have to say it's the Best Blackened Grouper sandwich ever!! AND, every time I went back the sandwich was the SAME!!! EVER TIME!! A year later or so I brought a young woman with me on a date who later became my wife, to try your Blackened Grouper Sandwich. She was amazed how good it was! We went back quite a few times to enjoy the Blackened Grouper Sandwich before we moved to the north to Milton, Vermont in '87. We went back to the Tampa area for vacation in 2003. We couldn't wait to see if the restaurant was still there, and it was!!! So we had our usual Blackened Grouper Sandwich. We were so amazed and delighted that the sandwich tasted the same as we remembered!!!! You have no idea how much we enjoyed it! After all these years we still crave for the Keegan's Blackened Grouper Sandwich! We had blackened grouper for dinner tonight and we thought of our dinner's out at Keegan's. So we thought that we could check out your restaurant on the internet. We found your still there!! That's great! We know for sure that the next visit to the Tampa area we'll be stopping at Keegan's!!!

Thanks again for your great sandwich!!

Neal & Stacy Van Gemert
