*We were looking for something away from the crowds at Clearwater Beach and found Keegan's on Trip Advisor. We had always wanted to try an Triple-D restaurant and were happy to stumble on one. We had the grilled octopus appetizer which turned out be the most tender octopus we've ever had. My wife had the triple tail special and I had grouper and both were excellent. The key lime pie was homemade and very tasty. Overall, it was a very nice experience.*

*We visited Keegan's on March 9,2013. We are staying in a cottage across the street and have watched people line up all week waiting to get in for lunch and dinner. I can see why. Their local seafood specials are delicious. We had the parmesan encrusted grouper cheeks which were sweet and tender. A table next to us tried the grilled octopus and blackened grouper. We will go back and try other items featured on DINERS, DRIVE-INS AND DIVES*
